EDITOR'S MESSAGE

It has been a long year since September, or should we say since last June. That's when the work on the 1966 VIKING began.

Many thanks go to each member of the staff who put in long hours and hard work to assemble the VIKING.

Our greatest thanks go to Mrs. Ricks, our advisor, for her patience, hard work and invaluable advice.

We are grateful, too, to Mr. C. F. Boswell and to Delmar Publishing Company who have helped us immensely in solving our problems during the year.

We have asked what makes up a year at Brunswick Academy. The answer was not only the social and athletic events that happen during a year, but the academic part of the year, also. More than likely, in years to come you will remember a class, subject, or teacher just as vividly as a ball game or dance.

Realizing that we cannot put in pictures everything that happens, we have tried to symbolize all that happens. We hope that no matter when you look through this book, it will bring back memories of the things that happened to you at Brunswick Academy.

WE DEDICATE this volume to the capable and faithful leaders who have served this school so ably and in such an unselfish manner. Their devotion to the cause of education free from governmental dominance; their sound and practical judgment and their foresight, courage and determination have been responsible for the excellent progress that has been made. Special recognition should be given to the Advisory Committee for its outstanding work in the formulating of policies and to the Administrative Staff which has executed such policies so effectively.

Searching for Higher Goals

The Parent Teacher Organization of the Brunswick Academy would like to wish the Senior Class of 1965-1966 much success now and through life. With the fine spirit of cooperation between the parents, teachers, and students, the classes of the Brunswick Academy are bound to succeed.

The P.T.O. wants to join with the Administration, the Board of Directors, and a host of other loyal workers in saying how proud we are of our nice building in which our children have the privilege to study and prepare themselves for the life ahead of them. May our dedicated purpose of the Academy guide our citizens of tomorrow toward the right morals, sound principles of government, people, and God.

you are a good student and I hope you will have a bright future. It has been a pleasure to have you in class.

SOMEONE IS FOLLOWING YOU

Don't forget that day by day
Someone is following you;
Be careful what you say,
Be careful what you do.

Don't forget as you go along
Someone is following you;
Watch to avoid the wrong
Watch the path you pursue.

God help you this truth to see;
Someone is following you;
Be strong! His witness be,
Be strong! Live always true.

COMPETENT FACULTY LAY A SOLID FOUNDATION

Education as we know it today encompasses a wide facet of our life. Both the upper school and the lower school of Brunswick Academy are very fortunate in that they are led by truly outstanding faculty members and administrative officials. Their high ideals, superlative academic achievement, and conscientious application of themselves to teaching assure the student of a solid foundation of work. We, the Viking Staff of nineteen hundred sixty-six, express our appreciation to our devoted faculty.

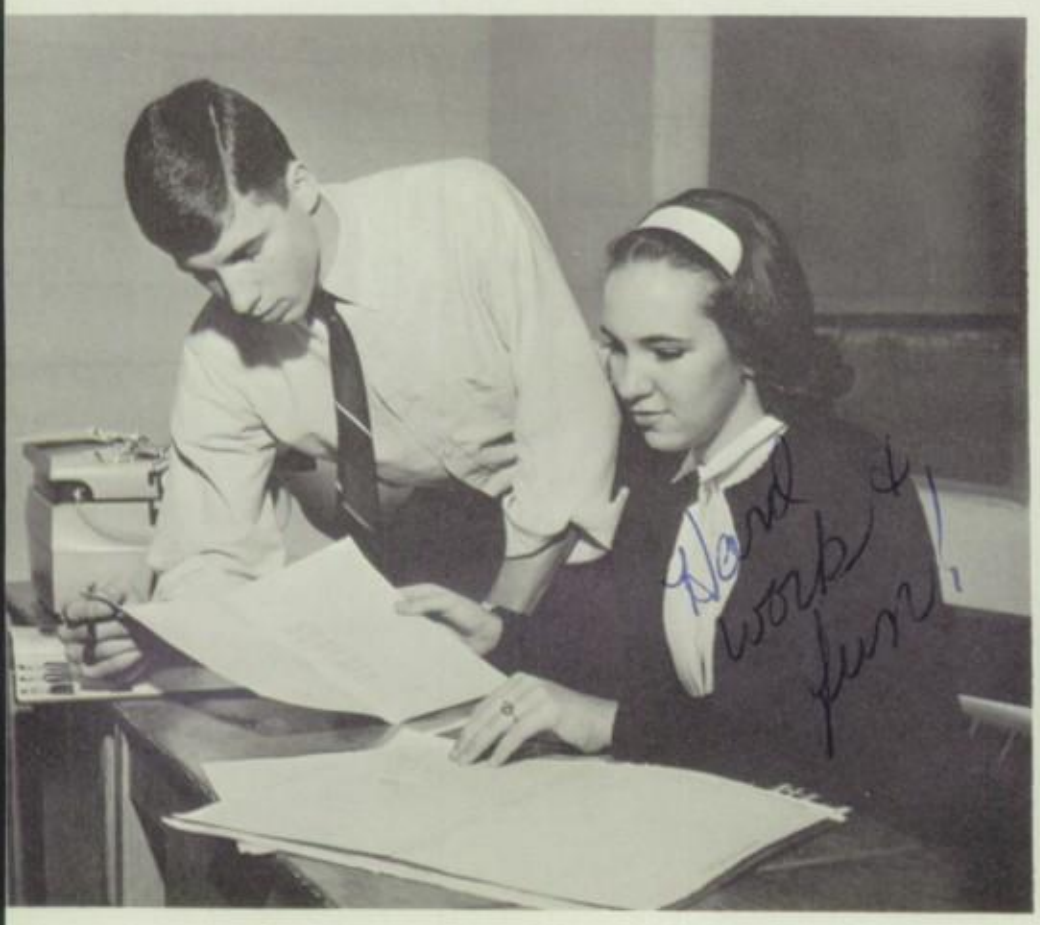
Peggy and Judy work long, hard hours gathering and assembling material for the paper.

Wayne and Carolyn "roll the presses" while John urges them on.



When Edris and Keith draw, it's serious business.

Judy can play basketball, but Jimmy wonders, can she type?!

When it comes to typing, Carolyn, Judy, and Peggy are the "key" experts.

ACKNOWLEDGEMENTS

The Viking Staff wishes to thank the many people who have helped make our annual possible. The patience and co-operation of the students and faculty aided us greatly. We give our sincere thanks and appreciation to the generous solicitors, without whom our yearbook would not be possible. We wish to thank Mr. and Mrs. Butler for the use of their home in taking some of our pictures. To Mr. C. F. Boswell, we would like to express our appreciation for the endless hours of work. Our deepest appreciation goes to Mrs. Frances Ricks, our advisor. Without her invaluable assistance, patience and good judgement, this yearbook would never have been completed.

There are many people too numerous to mention, that merit our gratitude.

THE CHALLENGE

A challenge is sounded to young people throughout the world-education. We interpret our challenge in a limited sense, comprehending only the surface meaning of the word "education." However, as we begin our struggle with textbook facts, we slowly realize that our school, with its traditions, its opportunities, and its lesson, both in and out of classrooms, is becoming a molding influence on our lives.

As we develop intellectually, we gain maturity and realize that the primary challenge at Brunswick Academy is learning to understand ourselves. We are then able to accept fully the responsibility for our own conduct and attitudes, and in the traditional spirit of unity at our school, we learn to feel responsible for our fellow students and for the reputation of Brunswick Academy. Those of us who graduate this year and those who remain behind are eager to attain our chosen goals and carry with us the knowledge that Brunswick Academy has prepared us well for whatever future challenges we may encounter.

Keeping our goals in mind, we extend best wishes to those we leave behind. May you grow in knowledge, wisdom, and the Grace of God, as you continue your life's journey.

Hi! Valerie, (VAL)

I really don't know what to write you. Everybody else has said it all and left me nothing to say I could say good luck & best wishes but you've got plenty of that. You're cute, sweet, nice, loving, fun to be with, swinging and every other nice thing in the dictionary, as you all ready have been told and know. I'll simply remind you of the highlighting events in yours & my life this year! (65-66) Remember when we are in the 9th grade together and you lived near me for once in my life. Remember when "David" (R. Evans) first liked you and he would tell me stuff to tell you and when all three of us went uptown together (fun, fun, fun) it was through you, I guess when he first started liking me. Remember Kitty's party, remember your events at your school you went to.

Remember us discussing certain topics, on our friends, boys and other?????? Remember all of our ups and downs together. Remember our "Beatle" conversations and articles we collected. In other words, never forget everything we've ever shared together or don't forget ME!! (that simple two-letter-word) (it's what behind it that counts) Oh, yes remember one more thing we're cousins and that I LOVE you with all my heart. I hope later in life when we're old and gray we will be able to talk about old times but good times once again.

LUV YA,
Cousin Judy C. T.

Dear Val,

Judy pretty well expressed herself didn't she. She didn't leave me much to say. P.S. you remember when I first met you uptown and I was barfed. And then later I bought you the ring and then I find out you lited Harvey. And I started letting Judy. And don't forget all the fun Judy, you and me had uptown. and all the half finished drinks we left. And all the record we played. I told you Judy said everything so I have nothing left to say.

Love,
David

P. S. I'm going to date Judy Friday.

P.S.S. Best of luck to a very sweet girl and pretty one.
